

Dear Mr. Bracket,

You have ordered a Colossal Kingdom Elite playset with a Tarp Roof. This is a custom unit.

Attached to this letter are documents to allow you to build this play set with a tarp roof. We have provided you with Wood Roof instructions and below I will describe what you must do to build the play set with a Tarp Roof.

Lower Level:

1) Omit Steps 12 to 18 which show you how to build the Wood Roof in the manual. I put a diagonal slash mark beside the wood roof parts in the bill of materials that should NOT be included with you play set parts.

Use Step 12 and Step 42 after this sheet to attach the tarp boards and tarp.

Also skip steps 35-37 which show building the wood roof dormers

Upper Level (Sky Loft):

1) In Step 39 of the manual you will not have top holes in the corner posts. I circled this in your manual.

2) Omit steps 46 through 53 to assemble the Sky Loft Wood Roof. Use Step 48 and Step 49 after this sheet to attach the Tarp Support Assemblies/Tarp Boards and Tarp.

If I may be of further assistance to you please contact me.

STEP 12: TARP SUPPORTS

1: FASTEN A 2 X 4 X 72" TARP BOARD ONTO THE ENDS OF THE SIDE RAILS WITH TWO 3/8" X 3-1/2" LAG SCREWS AND 3/8" WASHERS.

2: FASTEN A 2 X 4 X 66" CENTER TARP BOARD ONTO THE TOP OF THE CENTER UPRIGHTS WITH TWO 3/8" X 3-1/2" LAG SCREWS AND 3/8" WASHERS.

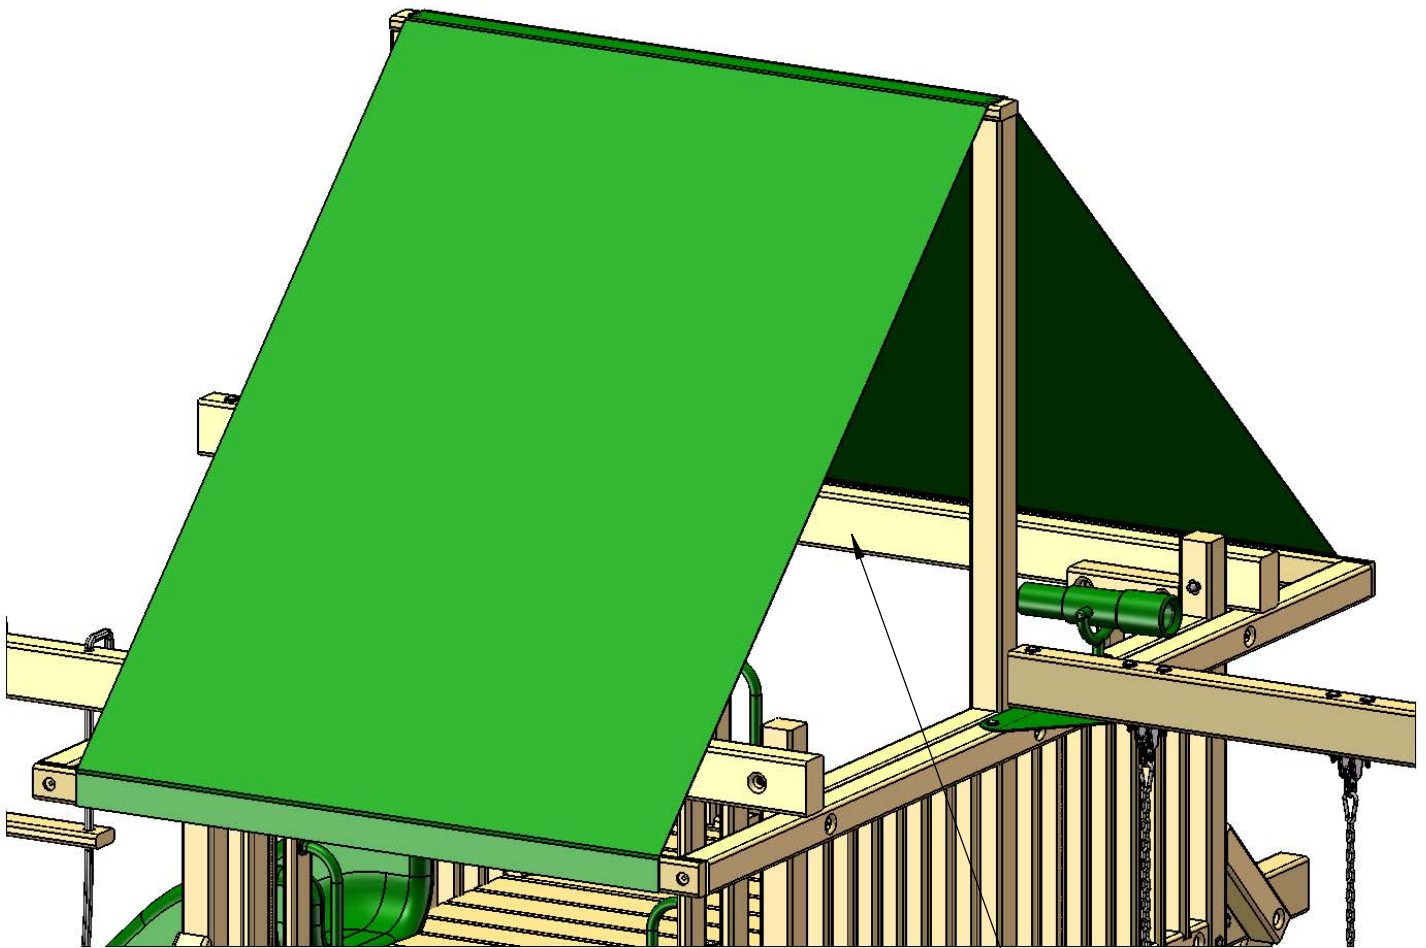

STEP 42: TARP

1: LAY THE TARP OVER THE CENTER TARP BOARD WITH THE BUTTON SNAPS FACING UP.

2: HAVE AN ASSISTANT HELP YOU WRAP THE ENDS OF THE TARP AROUND THE END TARP BOARDS. THE ENDS OF THE TARP WILL WRAP AROUND TO THE INSIDE OF THE END TARP BOARDS.

3: MARK THE LOCATIONS FOR THE TARP SNAPS ONTO THE END TARP BOARD ON ONE SIDE. FASTEN A TARP SNAP WITH SCREW AT EACH MARK. SNAP EACH BUTTON SNAP ONTO THE TARP SNAP WITH SCREW.

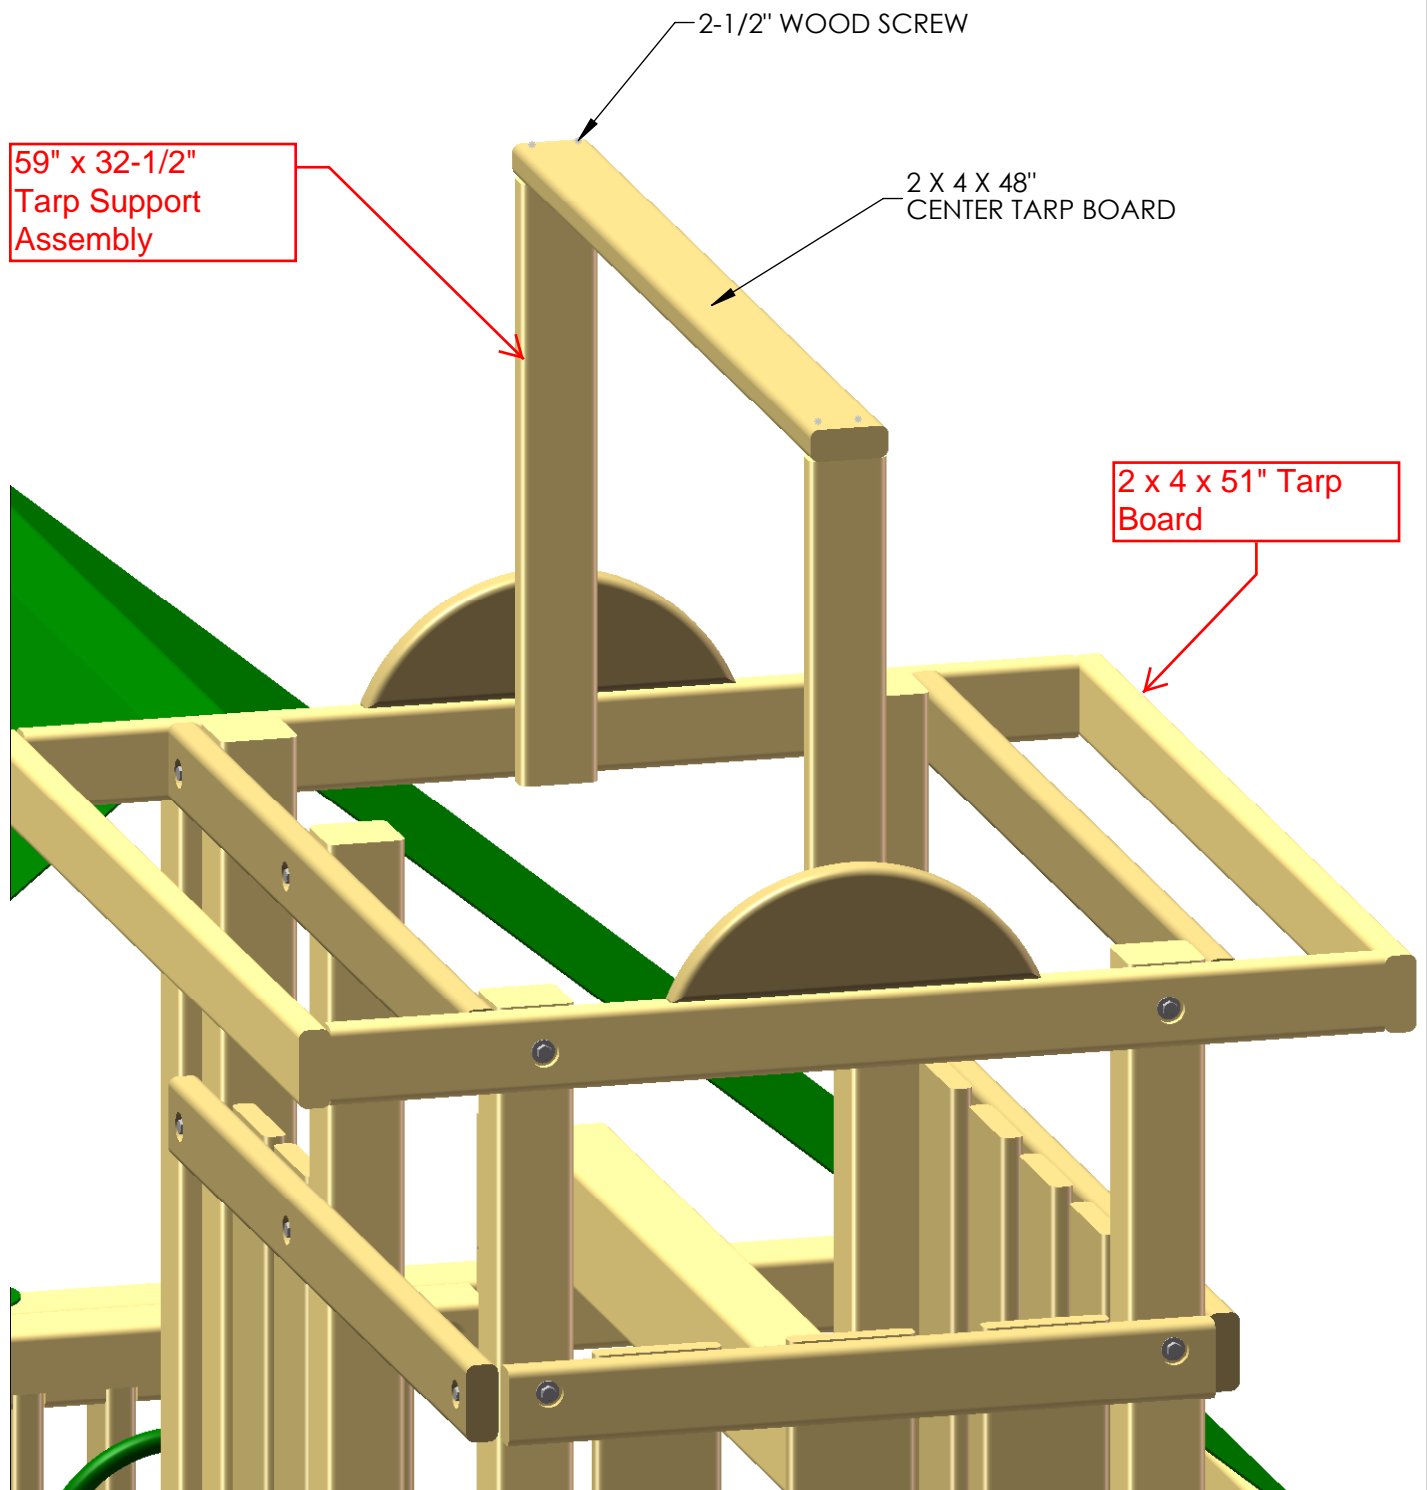

4: NOW GO TO THE OTHER SIDE AND MARK THE LOCATIONS FOR THE TARP SNAPS ONTO THE END TARP BOARD. FASTEN A TARP SNAP WITH SCREW AT EACH MARK. SNAP EACH BUTTON SNAP ONTO THE TARP SNAP WITH SCREW.

— WRAP TARP AROUND
END TARP BOARDS TO THE
INSIDE. MAKE MARKS AND
INSTALL TARPS SNAP WITH
SCREW AT EACH MARK.
SNAP EACH BUTTON SNAP
ONTO THE TARP SNAP
WITH SCREW.

STEP 48: CROW'S NEST CENTER TARP BOARD

- 1: Fasten the 59" x 32-1/2" Tarp Support assemblies to the corner posts with 3/8" x 3-1/2" lag screws.
- 2: Fasten the 2 x 4 x 51" Tarp Boards on each end of the Tarp Support with #8 x 2-1/2" wood screws.
- 3: Fasten the 2 x 4 x 48" Center Tarp Board on top of the vertical tarp supports with #8 x 2-1/2" wood screws.

STEP 49: CROW'S NEST TARP

- 1: LAY THE TARP ACROSS THE CENTER TARP BOARD AND THE SIDE TARP BOARDS.
- 2: CENTER THE TARP ACROSS THE BOARDS, AND MARK THE LOCATION OF THE TARP SNAPS WITH A PENCIL.
- 3: PLACE A SNAP SCREW IN THE FRONT LEFT SIDE TARP BOARD IN THE MARK THAT WAS MADE. SNAP THE TARP INTO PLACE IN THIS LOCATION. MOVE TO THE RIGHT SIDE OF THE FORT, AND PLACE A SNAP SCREW IN THE RIGHT FRONT SIDE TARP BOARD IN THE MARK MADE.
- 4: CONTINUE INSTALLING THE TARP SNAPS IN THE SAME FASHION AS THE PREVIOUS STEP, WORKING DOWN THE TARP AND KEEPING IT TIGHT AT ALL TIMES.
